Product Info

Fehr's Type 316 Bow Shackles are laser-etched with Safe Working Load 'SWL', Mill Mark for traceability, and trade size in inches. On sizes 1/2" and up pins are also marked '316'.

Dimensions allow for a shackle of one trade size larger to fit through our Type 316 Stainless Chain. Example the bow of a 3/8" shackle will fit through the link of 5/16" chain.

Ideal for use in Marine, Waste-Water, Agricultural, Food Processing and other applications where corrosive resistant material is needed or required.
